

## Android Auto

When you connect an Android phone to the audio system via the USB port in the console compartment, Android Auto is automatically initiated. When connected via Android Auto, you can use the audio/information screen to access the Phone, Google Maps (Navigation), Google Play Music, and Google Now functions. When you first use Android Auto, a tutorial will appear on the screen.

We recommend that you complete this tutorial while safely parked before using Android Auto.

### Android Auto

Only Android 5.0 (Lollipop) or later versions are compatible with Android Auto. Bluetooth A2DP cannot be used with Android Auto phone.

To use Android Auto on a smartphone with Android 9.0 (Pie) or earlier, you need to download the Android Auto app from Google Play to your smartphone.

Park in a safe place before connecting your Android phone to Android Auto and when launching any compatible apps.

To use Android Auto, connect the USB cable to the USB port located in the console compartment. The USB ports located on the front panel and the back of the console compartment\* are used only for charging.

When your Android phone is connected to Android Auto, it is not possible to use the **Bluetooth®** Audio. However, other previously paired phones can stream audio via **Bluetooth®** while Android Auto is connected.

\* Not available on all models

## Android Auto Menu

- **Maps**

Display Google Maps and use the navigation function just as you would with your Android phone. When the vehicle is in motion, it is not possible to make keyboard entries. Stop the vehicle in a safe location to undertake a search or provide other inputs.

### Models with navigation system

Only one navigation system (pre-installed navigation or Android Auto) can give directions at a time. When you are using one system, directions to any prior destination set on the other system will be canceled, and the system you are currently using will direct you to your destination.

The audio/information screen shows you turn-by-turn driving directions to your destination.

- **Play Music**

Play Google Play Music and music apps that are compatible with Android Auto. To switch between music apps, select this icon.

- **Phone**

Make and receive phone calls as well as listen to voicemail.

- **Exit**

Select the **Exit** icon to go back to the home screen.

## Android Auto

For details on countries and regions where Android Auto is available, as well as information pertaining to function, refer to the Android Auto homepage.

### Android Auto Operating Requirements & Limitations

Android Auto requires a compatible Android phone with an active cellular connection and data plan. Your carrier's rate plans will apply.

Changes in operating systems, hardware, software, and other technology integral to providing Android Auto functionality, as well as new or revised governmental regulations, may result in a decrease or cessation of Android Auto functionality and services. Acura cannot and does not provide any warranty or guarantee of future Android Auto performance or functionality.

It is possible to use 3rd party apps if they are compatible with Android Auto. Refer to the Android Auto homepage for information on compatible apps.

-  Operate Android Auto with your voice.
-  You can check Android notifications.
-  (Android Auto Home)  
Display useful information organized by Android Auto into simple cards that appear just when they're needed.

## ■ Auto Pairing Connection

When you connect an Android phone to the unit via the USB port in the console compartment, Android Auto is automatically initiated.

### ■ Enabling Android Auto

To enable Android Auto after connecting an Android phone to the system, select **Enable Android Auto** on the screen.

You may change the consent settings under the **Connections** settings menu.

### » Enabling Android Auto

Only initialize Android Auto when you safely parked. When Android Auto first detects your phone, you will need to set up your phone so that auto pairing is possible. Refer to the instruction manual that came with your phone.

You can use the method below to change Android Auto settings after you have completed the initial setup:

Press the  (home) button → Select Settings → Connections → Android Auto → Select device

### Use of user and vehicle information

The use and handling of user and vehicle information transmitted to/from your phone by Android Auto is governed by the Google's Privacy Policy.

## Operating Android Auto with Voice Recognition

Press and hold the  (Talk) button to operate Android Auto with your voice.

### (Talk) Button:

Press and hold to operate Android Auto with your voice.

Press and release to activate standard voice recognition system.

### Operating Android Auto with Voice Recognition

Below are examples of commands you can give with voice recognition:

- Reply to text.
- Call my wife.
- Navigate to Acura.
- Play my music.
- Send a text message to my wife.
- Call flower shop.

For more information, please refer to the Android Auto homepage.

You can also activate the voice recognition function by selecting the  icon in the lower-left corner of the screen.
