## USB Ports

Install the device USB connector or the USB flash drive in the USB port.

### ■ In the console compartment

The USB port (2.5A) is for charging devices, playing audio files and connecting compatible phones with Apple CarPlay or Android Auto.

- ▶ To prevent any potential issues, be sure to use an Apple MFi Certified Lightning Connector for Apple CarPlay, and for Android Auto, the USB cables should be certified by USB-IF to be compliant with USB 2.0 Standard.

The USB port (2.5A) is only for charging devices.

### ▶▶ USB Ports

- Do not leave the iPod or USB flash drive in the vehicle. Direct sunlight and high temperatures may damage it.
- We recommend that you use a USB cable if you are attaching a USB flash drive to the USB port.
- Do not connect the iPod or USB flash drive using a hub.
- Do not use a device such as a card reader or hard disk drive, as the device or your files may be damaged.
- We recommend backing up your data before using the device in your vehicle.
- Displayed messages may vary depending on the device model and software version.

### USB charge

The USB port can supply up to 2.5A of power. It does not output 2.5A unless the device requests. For amperage details, read the operating manual of the device that needs to be charged.

Under certain conditions, a device connected to the port may generate noise in the radio you are listening to.

### USB Port (2.5A)

This port is for battery charge only. You cannot play music even if you have connected a music player to the port.

## Audio Remote Controls

Allow you to operate the audio system while driving. The information is shown on the multi-information display or head-up display\*.

### VOL+/VOL- (Volume) Switch

**Press Up:** To increase the volume.
