

## Navigation System

See the navigation system manual for more information.

**Screen:** All selections and instructions are displayed on the screen. Enter information into the system either by voice or by using the interface dial.

**Note:** *Shifting into Reverse (R) activates the rearview camera; the image is displayed on the screen.*

**AUDIO button:** Displays the audio screen.

**MAP/GUIDE button:** Displays the map. When en route, switches the display between the map and guidance screens.

**MENU button:** Displays the "Enter a destination by" screen. When en route, displays the route options on the MENU screen.

**SETUP button:** Displays the Setup screen to change and update information in the system.

**INFO button:** Displays the screen for selecting Messages, Traffic Incidents, Weather Information\*, Trip Computer, Cellular Phonebook, Calendar, Calculator, and Roadside Assistance. More options are available by moving the Interface Dial to the right; Voice Command Help, Map Legend, and Key to Zagat Ratings.

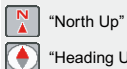

**Interface Dial/ENTER button:** Moves left, right, up, and down. Use to move the highlighting around the display, to scroll through lists, or to look around a displayed map. Push in to enter the selection into the system.

**CANCEL button:** Cancels the current screen and returns to the previous screen.

**CLOCK:** Controlled by the navigation system and can automatically compensate for daylight savings time and time zone changes.

## Map Screen Legend

### Map Orientation

### GPS Signal Strength

Best Reception  
 Good Reception  
 Missing: Poor/No Reception

### Traffic Status Indicator

**Vehicle Position**  
 (Use voice command  
 "Display the current location."  
 or use the Interface Dial to  
 show current location.)  
**"Breadcrumbs"**

### Current Street

### Current Map Scale

### Map Scale Adjustment

(Mile or km per half inch appears only when you zoom in or out by rotating the **Interface Dial knob**.)

### NOTE:

See **Map Legend** on the **Information** screen for further explanation.

### One-Way Traffic Icon

### Streets

Interstates or Freeways  
 Verified Streets  
 Unverified Streets

### Weather Icon

### Message Icon

Indicates that you have a message.  
See the AcuraLink section.

### Warning Icon

### Landmark Icon

	Honda Dealer		Acura Dealer
	Hospital		School
	Grocery Store		Restaurant
	Gas Station		ATM
	Hotel/Lodging		Parking Lot
	Parking Garage		Post Office
	Freeway Exit Information		

### Map Features

	Park		Water Area
	Hospital		Cemetery
	Shopping Mall		University
	Golf Course		Indian Reservation
	Airport/Stadium/Business		

### NOTE:

If you move the Interface Dial over an area (map features shown above), the name is displayed on the screen.

### Map Menu

(Push in on the **Interface Dial** to view.)

## Commonly Used Voice Commands

<p><b>Display Commands</b></p> 	<p><b>Navigation Display Commands</b>  <i>Commands accepted on a map guidance screen</i></p> <ul style="list-style-type: none"> <li>• Display current location</li> <li>• Display north up</li> <li>• Display heading up</li> <li>• Display zoom in</li> <li>• Display zoom out</li> <li>• Display menu</li> <li>• Go home</li> <li>• Setup</li> <li>• Display or hide (<i>choose one</i>):             <ul style="list-style-type: none"> <li>- ATM</li> <li>- Gas station</li> <li>- Restaurant</li> <li>- Post office</li> <li>- Grocery store</li> </ul> </li> </ul>	<p><b>General Commands</b>  <i>Commands accepted on a menu and map guidance screens</i></p> <ul style="list-style-type: none"> <li>• Display map</li> <li>• Display (main) menu</li> <li>• Display information</li> <li>• Voice command help (The system reads and lists all of the commands, starting with Navigation General Commands.)</li> <li>• Help</li> <li>• Setup</li> </ul>
<p><b>Information</b></p> 	<p><b>General Information Commands</b>  <i>Commands accepted on the map guidance screen and Information screen 1</i></p> <ul style="list-style-type: none"> <li>• How long to the destination? (after setting a destination)</li> <li>• How far to the destination? (after setting a destination)</li> <li>• Display destination map (after setting a destination)</li> <li>• Display entire route (after setting a destination)</li> </ul>	
<p><b>Audio</b></p> 	<p><b>Radio (AM/FM/XM) Commands</b>  <i>Commands accepted on most screens</i></p> <ul style="list-style-type: none"> <li>• Radio on/radio play</li> <li>• Radio off</li> <li>• Radio select AM/FM1/FM2/XM1/XM2</li> <li>• Radio # FM (# = frequency)</li> <li>• Radio seek (up/down)</li> <li>• Radio preset 1/2/3/4/5/6</li> <li>• XM channel # (# = 1–255)</li> <li>• XM preset (choose one: 1/2/3/4/5/6)</li> </ul>	<p><b>CD, DVD or AUX Commands</b>  <i>Commands accepted on most screens</i></p> <ul style="list-style-type: none"> <li>• CD play</li> <li>• CD play disc # (# = 1–6)</li> <li>• Play track # (# = 1–30)</li> <li>• Play next disc</li> <li>• Play previous disc</li> <li>• Track repeat</li> <li>• Disc repeat</li> <li>• Normal play</li> <li>• AUX on (if corresponding audio unit is connected)</li> </ul>

### **Climate Control**

### **Climate Control Commands**

*Commands accepted on most screens*

- Air conditioner on
- Air conditioner off
- Climate control off
- Climate control automatic
- Climate control fresh air
- Climate control recirculate
- Climate control defrost
- Rear defrost on
- Rear defrost off
- Fan speed 1/2/3/4/5/6/7
- Temperature # degrees (# = 57–87)
- Driver's temperature # degrees (# = 57–87)
- Passenger's temperature # degrees (# = 57–87)
- Temperature dual mode on
- Temperature dual mode off
- Temperature up/down
- Temperature max hot/cold

### **Find Nearest**

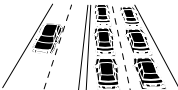

### **Find Nearest Commands**

*Commands accepted on a map guidance screen*

- Find nearest (choose one):
  - Zagat restaurant
  - Gas station
  - Bank
  - Shopping
  - Honda dealer
  - Mexican restaurant
  - Tourist attraction
  - Movie theater
  - Camping

### **Traffic**

### **Traffic Commands**

*Commands accepted on a map guidance screen*

- Display traffic
- Display traffic list
- Display traffic icons
- Display traffic speeds

**Tip:** To plot a route to a specific destination using voice control, say "Display menu," then enter the address. See the following page for an example of this process.

## Entering a Destination Using Voice Control

**Note:** Press and release the Navi Talk button, wait for a beep, and say your command.

1. Say "display menu." The display changes to the **Enter Destination** by screen.
2. Say "address."

3. Say "city" (or "change state" if necessary).

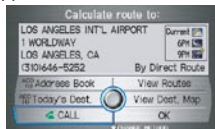

4. Say the name of the city or say "select current city."

5. A list of city names appears. Say the number listed next to the desired city.
6. Say the street name. *Do not say the direction (north, south, east, or west) or type (street, avenue, etc).*
7. Say the number listed next to the name of the desired street.

8. Say the street address number as a continuous series. For example, for the address number 15200, say "one, five, two, zero, zero, done."
9. The system displays the "Calculate route to" screen. Say "OK" to display a map of the route. The plotted route appears in blue.

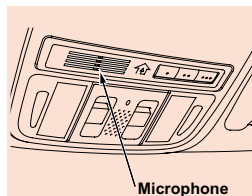

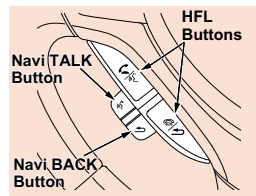

**Tip:** While en route, you can cancel or change your current destination or select other options by saying "display menu."

## Using the Voice Control System

The voice control system allows for convenient, hands-free operation of navigation and selected audio and climate control system functions. For a complete list of voice commands, see the *Navigation System Manual* or press the INFO button, then select VOICE COMMAND HELP.

### TALK/BACK Buttons

- **TALK button:** Activates the voice control system (audio system mutes). Press and release the Navi TALK button, then **wait for a beep**. Give a voice command in a clear, natural speaking voice (without pause) within 3 seconds. Otherwise, the system will prompt you to repeat your command.

*Tip: A multiple beep sound indicates a function is unavailable, or is already set.*

- **BACK button:** Returns the display to the previous screen. It is enabled for navigation commands only, but can cancel an audio or climate command up to one second after the command confirmation.

### General Voice Control Guidelines

The voice control microphone is located in the ceiling console. To optimize voice recognition and hear the voice feedback, we recommend:

- Avoid running the fan at maximum speeds.
- Adjust the vents so they don't blow directly at the microphone in the ceiling.
- Minimize the amount of wind noise from open windows or the moonroof.
- If the system cannot recognize your command because of background noise (rough pavement, other high road noise situations, etc.), speak louder.
- Voice commands from the front passenger are not accepted by the system.

### Voice Control Assistance

- To hear the valid voice commands for any screen, say "Help."
- To repeat the instructions for how to use any screen, say "Repeat voice."
- Ensure that the navi volume and "Voice feedback" in the Setup menu are set to ON. The feedback provides confirmation of your command and provides the best way to say the command.
