

# VOICE RECOGNITION

To keep your eyes on the road and hands on the wheel, use voice commands for navigation, hands-free calling, audio, climate control, and AcuraLink functions.

## Functions by Voice Command

Control five different systems with the steering wheel buttons and the ceiling microphone.

To prevent driver distraction, certain manual functions may be inoperable or grayed out while the vehicle is moving. Voice commands are always available.

- Pick-Up button:** Answer an incoming call, or go directly to the Phone screen.
- Hang-Up button:** End a call or decline a call.
- Talk button:** Give HFL, navigation, AcuraLink, audio, or climate control commands.
- Back button:** Cancel a command and return to the previous screen.

## Voice Command Tips

- When using the Talk button, wait for a beep, then say a command.
- When the Talk button is pressed, all available voice commands are highlighted in blue.
- Speak in a clear, natural voice.
- Reduce all background noise.
- Adjust the dashboard and side vents away from the microphone in the ceiling.
- Close the windows.
- To hear a list of available commands at any time, press and release the Talk button, then say "Help."
- For a list of full commands by category, say "Display information," followed by "Voice info." See your Navigation Manual for a complete list.
