

NAVIGATION (Technology Package)

Real-time navigation system uses GPS and a map database to show your current location and help guide you to a desired destination.

Entering a Destination Address Using Voice Control

Set a destination using a street address. For other destination options, see your Navigation Manual.

Press and release the Talk button before you say a command.

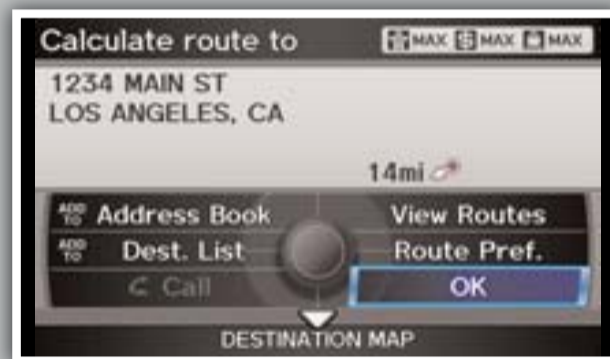

1. Say "Display menu." Say "Address."
4. Say the entire street address number. For example, "1-2-3-4." If necessary, say "OK" to proceed.

2. Say "Street," then say the street name on the next screen. Do not include the direction (N, S, E, W) or type (St., Ave., Blvd., etc.).
5. If the street address is in more than one city, a list of city names appears. Say the number next to the city you want.

3. A list of street names appears. Say the number next to the street you want.
6. The system displays the "Calculate route to" screen. Say "OK" to set the route.

Using the "Find Nearest" Command

Find a nearby point of interest, such as a gas station, movie theater, restaurant, etc.

Press and release the Talk button before you say a command.

1. From the map screen, say "Find nearest ATM."
3. Say the number next to the destination you want.

2. A list of the nearest ATMs in your area is displayed by shortest distance to destination.
4. The system calculates and displays the route.
