

## Rear Cross Traffic Monitor\*

Alerts you if a detected vehicle is approaching from a rear corner when your vehicle is in Reverse (R) at speeds of 3 mph (5 km/h) or lower, which can be helpful when backing out of parking spaces.

The system does not detect pedestrians, bicycles, or stationary objects.

### ■ Turning the System On or Off

Use the interface dial to make and enter selections.

1. Press the SETTINGS button.
2. Select Camera Settings.
3. Select Cross Traffic Monitor.
4. Select On or Off.
5. Press the BACK button to exit the menu.

## **⚠ CAUTION**

This system is for your convenience only. The system cannot detect all approaching vehicles or avoid all possible collisions.

Failure to visually confirm that it is safe to reverse the vehicle before doing so may result in a collision. Do not rely only on the system's audible and visual alerts when reversing.

Always look in your mirrors, to either side of your vehicle, and behind you for other vehicles before reversing your vehicle.
