

Apple CarPlay®

Connect an Apple Apple CarPlay®-compatible iPhone® to the system. Use the interface dial to make a phone call, listen to music, and more. Visit the Apple CarPlay® website for more information.

- **Phone:** Access your contacts, make phone calls, or listen to voicemail. While connected to Apple CarPlay®, calls can only be made through Apple CarPlay®, not through *Bluetooth®* HandsFreeLink®.
- **Music:** Play music stored on your iPhone®.
- **Maps:** View a map and operate navigation. You can only use Apple Map or the pre-installed navigation system to set a destination with routing guidance.
- **Messages:** View and reply to text messages, or have messages read to you aloud by the system.

Tip: To prevent any potential issues, be sure to use an Apple MFi Certified Lightning Connector for Apple CarPlay®.
