To link with AcuraLink

You may see the connection guide screen after launching AcuraLink when there is no phone connection available.

Continue Without Connecting: Displays the AcuraLink menu screen without phone connection. Connect Phone: Displays the *Bluetooth*®

setup screen.

We recommend that you install AcuraLink app in your smartphone to make AcuraLink more functional, contact an Acura dealer, or visit *owners.acura.com* (U.S.) or *www.acura.ca/owners/ acuralink* (Canada).

If you do not connect a phone to AcuraLink, Last Mile function of AcuraLink app is disabled.

≫AcuraLink

You can also select **AcuraLink** from the **All Apps** screen.

AcuraLink

Press the (home) button.
Select AcuraLink.

Vehicle Notifications

Displays the diagnostic information, recall or important safety information^{*1}, or general information by connecting to the Acura server using HFL.

Contact Acura

Connect to the AcuraLink operator when trying to find a destination or for roadside assistance

My Acura Dealer

Calls your Acura dealer using HFL or sets a destination of the navigation* to the dealer

MENU

Displays the AcuraLink menu screen.

- Vehicle Data Collection: Displays the AcuraLink connection setting screen.
- AcuraLink Subscriptions: Displays your current AcuraLink subscription status.
- Connect Bluetooth Device: Displays the Bluetooth® setup screen.

Vehicle Notifications

Some messages can be deleted manually; some others will automatically disappear when the malfunction is fixed, contact a dealer if necessary.

*1: When you select Roadside Assistance, the system connect to the AcuraLink operator through the telematics control unit (TCU).

* Not available on all models

AcuraLink Message

You can check the messages that are received quickly in the shortcut operation.

- **1.** A notification appears and notifies you of a new message on the secondary information area.
- **2.** Select the system status icon then press the true touchpad B.
 - The status area list appears on the primary information area.
 - A notification is continuously displayed in the header area until the new message is read.
- 3. Select a new message to open.
 - If you have selected the update option for AcuraLink, follow the directions on the screen to complete the process.

MacuraLink Message

When you update AcuraLink, you must keep the engine running and maintain a constant connection with AcuraLink.

If the update is interrupted, the system will automatically resume the process. If, however, a week has elapsed since the process was first interrupted, you must repeat the process from the beginning.

In Case of Emergency

Automatic collision notification

If your vehicle's airbags deploy or if the unit detects that the vehicle is severely impacted, your vehicle automatically will attempt to connect to the AcuraLink operator. If connected, information about your vehicle, its location, and its condition can be sent to the operator^{*1}; you also can speak to the operator when connected.

IMPORTANT: In a crash, AcuraLink will attempt to notify emergency services but NEITHER ACURA NOR ITS SERVICE PROVIDERS GUARANTEE THAT SUCH NOTIFICATION WILL OCCUR.

Acura reserves the right to terminate AcuraLink services at any time or for any reason, and in the future may not be able to provide services due to changes in, or obsolescence of, technology integral to the service or changes in governmental regulation.

*1: Depending on your phone and adequate cellular coverage, your vehicle's location may not be sent to the operator.

➢In Case of Emergency

Your vehicle may not be able to connect to the operator if the battery level is low, the line is disconnected, or you do not have adequate cellular coverage.

You cannot use this emergency services when:

- You travel outside the AcuraLink service coverage areas.
- There is a problem with the connecting devices, such as the microphones, speakers, or the unit itself.

You cannot operate other phone-related functions using the screen while talking to the operator. Only the operator can terminate the connection to your vehicle.

Mutomatic collision notification

If the unit fails to connect to the operator, it repeatedly tries until it succeeds.

Manual operator connection

If you need to talk to the AcuraLink operator in a situation where no airbag has deployed, you can manually connect to them by pressing the **ASSIST** button with the power mode in ACCESSORY or ON.

- **1.** Open the cover attached to the ceiling console.
- 2. Press the ASSIST button.
- You are connected to the AcuraLink operator.

Manual operator connection

Do not press the button while driving. When you need to contact the operator, park the vehicle in a safe place.

If the unit fails to connect to the operator, it automatically cancels the action after three minutes.

If necessary, the cover can be broken to access the **ASSIST** button.

Operator Assistance

Connect to the AcuraLink operator when trying to find a destination or for roadside assistance.

Audio/Information screen when connected to the AcuraLink operator

- 1. Press the LINK button.
 - Connection to the operator begins.
- 2. Talk to the operator.
 - To disconnect, select End Call on the audio/information screen or move to left the left selector wheel.

➢Operator Assistance

Remain attentive to road conditions and driving during operator assistance.

If you want to add or renew a subscription, call the Operator Assistance.

- 1. Press the 👚 (home) button.
- 2. Select AcuraLink.
- 3. Select MENU.
- 4. Select AcuraLink Subscriptions.
- 5. Select Call AcuraLink Support.

Press the (back) button to return to the previous screen, and then incall screen displayed on the secondary information area.
