In the channel mode, all available channels are selectable. In the category mode, you can select a channel within a category (Jazz, Rock, Classical, etc.).

There may be instances when SiriusXM® Radio does not broadcast all the data fields (artist name, title). This does not indicate a problem with your audio system.

SiriusXM® Radio stations load in ascending order, which can take about a minute. Once they have loaded you will be able to scroll up or down to make your selections.

#### **Tune Start:**

When you change a channel, a song being played on that channel restarts from the beginning with this function. This can be turned on or off from the **Play the Song from the Beginning** setting.
